

Homework S3 & 4 pupil and parental information:

Pupils studying a Humanities Subject at National 4 & 5 levels are required to review class notes on a regular basis as they progress through the course.

In addition, teachers will set regular homework that will both aim to confirm understanding of course material (NAT 4 & 5) and also develop exam technique (NAT 5).

Past paper questions can be practised (in addition to class homework) by downloading them from the SQA link on this web page.

All pupils are able to get additional support by attending 'supported study' prior to prelim and final examinations and at other times as arranged through individual class teachers.

Pupils sitting NAT 5 examinations will be assessed in two main phases in S4. Firstly, by completing an assignment (usually completed prior to Easter) and secondly via the final exam (around May - date T.B.C.)
